Jennifer,  
Sorry I spaced out sending yesterday pm. Anyway, just a couple of minor suggestions.  
Thanks. And as always, good to see you yesterday.  
Enjoy the Holidays!  
Gene

No, parks and schools were all sampled and excluded from the scope as they all had low levels, not of concern, of lead or arsenic.

Jennifer,

Thanks for the opportunity to review the draft notice. I have one comment – The notice doesn't mention parks or schools. Was that on purpose? I don't remember my OU1 history well enough to know if there was any remediation at parks and schools, or if they were just sampled.

Thanks, Andrew

**Subject:** [EXTERNAL] Draft press release and public notice -VB/I-70 deletion

Hi all. Word is that the Notice of Intent to Delete VB/I-70 OU1 from the NPL could appear in the Federal Register this week. This would kick off a 30-day comment period. Attached please find a draft press release and public notice. The release will go out to local media and the notice will appear in the Denver Post. Please send any comments that you may have by tomorrow COB, if possible.

I'll let you all know when the NOID is published in the Fed. Reg. Planned outreach will include:

Placing the public notice in the Denver Post

Issuing the Press Release to local media

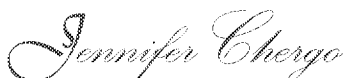

Emailing our stakeholder list, including the CAG, that it is out for public comment and how to comment

Updating our websites

Placing a copy of the NOID in the local information repository

Thanks all,

-jc
